HERE AND NOW

Athletic Current Projects:

Hello Cardinal Alumni,

I am excited to reconnect with you via our **NEW** Otterbein Athletics e-newsletter. You should expect to receive this email at least three times per year providing you with sport program updates, travel schedules, project updates and ways in which you can get involved or give back to Otterbein Athletics or your favorite sports program.

The content of this newsletter has been driven by you, our alumni, and the voice you have via our new Athletics Leadership Advisory Board (ALAB). The ALAB is led by Ron Severance '92, Craig Sutherland '89, Danielle Holbrook Roberts '05, Susan Rush '80 and Matt Stephens '92 and is supported by numerous alumni subcommittees. This group is the driving force behind our new athletics e-newsletter and recommended we create a new way to share athletics news and updates with all of you! So, I would like to extend a big "thank you" to this newly formed advisory committee for providing this feedback and alumni voice!

If you have ideas about what you would like included in this update, would like to learn additional ways to become involved or support Otterbein Athletics, or have new contact information, feel free to contact us at cardinalathletics@otterbein.edu.

I wish you all of the best with the upcoming fall.

Go Cards!
Dawn Mamula Stewart '98
Athletic Director

Wrestling Practice Room

In case you didn't hear, Otterbein Athletics announced the re-addition of wrestling as our newest varsity sport program. This program is bringing approximately 25 new Cardinals to campus to compete in the Rike Center during the winter sports season. Practice space for the new wrestling team will be located in the old racquetball courts of the Rike Center. The wall separating the courts will be removed to create one large space. We are excited for our newest sport program and the renovated space!

Fishbaugh Field Bleacher Project

Last April, the Otterbein Athletics Department worked through an exciting renovation project at Fishbaugh Field. New permanent bleachers were added behind home plate providing permanent seating for 250 fans. Additionally, cement pathways were paved around the home dugout leading to the new seating area. These features increased the seating capacity and improved the overall game experience for our fans and supporters. **Thank you to those alumni, parents and friends who supported this effort through their philanthropic support!**

New Initiative: Athletics Mentoring Program

Otterbein Athletics is announcing a great opportunity for you as an Otterbein athletics alumni to mentor a current student-athlete. We will pilot this program from November 2016 through March 2017, matching up each alumni mentor with a current student-athlete who may share the same career aspirations, sport program interest, or other familiar connections.

Mentors and mentees will be asked to meet one time per month during this five-month period and will be provided with discussion topics in order to become better acquainted. If you live in Central Ohio and are interested in potentially serving as a mentor within this trial initiative, please complete [this survey](#). Dawn Stewart, director of athletics, or Brandon Koons, head women's soccer coach, will follow up in October with the next steps. Feel free to contact Stewart (dstewart@otterbein.edu) or Koons (bkoons@otterbein.edu) with any additional questions.

Alumni Spotlight

Taylor Ford '12 Excels as PGA Tour's Youngest Caddie

Many Otterbein University students, or college kids across the country in general, often approach a world of uncertainty after graduation. Full-time jobs can be difficult to obtain, moving cities can be stressful, and, sometimes, you entertain a different career path than what you majored in.

Timing can be everything in life. You never know where it might take you or where your talents may fit. [>> Read More.](#)
